## Mass

As a teenager I tried to get my father to tell me how much of the Mass I needed to be at in order to say I had been at Mass. Frustratingly all he would say is that it was the wrong question! Many years later I came to understand that attending Mass is more than simply physically being in the Church. I am certain that there are families who arrive late or leave early (or don't get here) whose intention and full effort is to be at Mass.

Also there are probably some who turn up now and then in order to be seen, or to "do something", but never really understand the importance of being present. Let us all pray for each other that we will deepen our understanding and love of the Mass.
